

Date X, 2018

Dear [First Name],

Today, there is joy in Christopher's face for the first time in years.

As a boy, Christopher loved running around outdoors, played sports, and got straight As. But this all changed when he developed OCD and anxiety and was eventually diagnosed with PANDAS (an autoimmune disease that causes behavior changes). Once bright and outgoing, Christopher was now afraid to leave the house.

He begged his parents, who were also raising two other children, to home school him. At 14, his family made the difficult decision to send him halfway across the country for medical care. Afterward, Christopher couldn't catch up socially or academically.

When his parents found *School*, they saw new hope for their beloved son. But his treatment had also taken a financial toll. The *Scholarship Fund* stepped in, giving Christopher the chance to attend *School*. Today, he's back on track, achieving in his classes, and making friends. He smiles when he enters his classroom — a change made possible by people like you. I hope you join me in supporting *Scholarship Fund* and bringing this life-changing education to more students like Christopher.

Christopher's story moves me as a parent and particularly as the mother of a *School* alumna. We know that *School* goes beyond reading and math scores, helping students feel physically and emotionally safe and learn with confidence. The *Scholarship Fund* is dedicated to providing students in need with the same opportunity to thrive, but it can only do so with our generous support.

We all chose *School* for different reasons, but we share the same commitment — to unlock our children's unique potential and prepare them for healthy, successful futures. Your gift is tax-deductible and will give more students access to *School's* transformational education. Please donate today.

Thank you.

Jane Doe  
Past *School* Parent  
*Scholarship Fund* Co-Chair

P.S. Your gift made today will go even further! All donations made before December 31, 2018 will be matched. Give now to make the greatest difference for *School* students in need.
